

E-70 Stow-n-Go Field Line Marker and Striper

Multi-purpose USA made bulk latex field striper/sprayer

- Mark athletic fields (field marking paint)
- Ideal for softball and baseball field marking
- Stripe approximately 4-6 soccer fields before recharging or swapping batteries
- Adjustable paint shoe assembly 2" - 4"
- Proven floating shoe assembly for crisp lines no matter the terrain
- 10" centipede rubber wheels for easy operations
- Commercial Shurflo 12 volt by-pass diaphragm pump (1.46 GPM) for inexpensive maintenance costs

Square tubular welded steel frame

- Polyurethane enamel coating for a long lasting finish
- Stainless, zinc plated, and brass parts for corrosion resistance and longevity
- Stow-n-Go handlebar folds forward for quick and easy storage and transport.

12 volt rechargeable electrical system

- Uses economical 12 volt sealed battery (included) – 18 amp hr rating – 2 hours of field marking operations
- Easy battery replacement – secured with quick release wing nut plate
- 1.5 amp trickle charger with automatic shut off for fully charged battery

Corrosion resistant spray head bracket

- Adjustable spray shoe for line widths from 2" to 4".
- Single nozzle head applies paint for single pass distinctive lines.
- Non-drip spray tip nozzle assembly minimizes spray tip plugging
- Quick adjustable nozzle bracket for different height requirements
- Paint shoe assembly designed for painting outside of rear wheel

10" centipede rubber tires on ball bearing hubs

- Rolling ease with 3" width for "tru" tracking straight lines
- Proven 3-wheel chassis for balance, easy push operations, and easy turning even for close quarters

Translucent 5-gallon poly tank

- Convenient mixing is 100% corrosion proof and easy to clean
- Graduated paint level markings are easy to read
- Non-pressurized tank -- safe to use
- Easy to carry and to shake for paint agitation

Quick disconnect spray wand accessory (not included)

- 12' flexible hose for ease of stenciling and hand marking

Weight: 110lbs (Field Ready)

Shipping: 70 lbs

Stow-n-Go Size: 27" H x 27 1/2" W x 31" L

Assembled Size: 42" H x 27 1/2" W x 42" L

Feet/Min. Spray Rate: 60-100 Ft./Min.

EZ-70 Stow-n-Go Field Marker..... \$969.00

Unit comes with 1.5 amp battery charger, 12v Sealed Battery, 5-Gallon Tank, tool kit. Some assembly required (handlebar assembly, paint shoe assembly, wheel and axle assembly using standard hand tools).

EZ-70 Spray Wand & Hose Assembly \$109.00

Accessory for easy painting of stencils and in close quarters. Quick disconnect coupler added to pump assembly.
