

5'x10'

Weight : Shipping - 600 lbs.
 Inside Dimension: 5' W x 10' L
 Overall Size: 8' W x 16' L
 Liquid Capacity : 80 gallons
 Hauling Capacity : 1,400 lbs.

Paint Mule Utility Trailer

- Utility trailer for field maintenance crew
- Reinforced mesh deck for durability and easy cleanup operations.
- 80 gallon storage -- Four rugged poly tanks have 20 gallon capacity each, all controlled from a central valve manifold. Tanks mounted outside of frame for additional trailer storage capacity.
- Electrical wiring upgrade allows vehicle to power 12 volt SHURflo pump or Group 24 Deep cycle battery (not included).
- Electric pump transfers liquid -- Draws liquid from any of the four tanks to a 12 foot fill hose for extra paint, herbicide, or water for mixing or clean up.
- Tool Box -- Tongue mounted steel tool box carries accessories, and has a battery case and wiring harness attached for charging an auxiliary battery.
- Screw type jack -- Easy fold-up storage
- Drive on tailgate -- Rugged tailgate provides a drive on ramp for easy loading of the Model RS-500, or a walk up ramp for any of the walk behind models.

5'x8'

Weight : Shipping - 500 lbs.
 Inside Dimension: 5' W x 8' L
 Overall Size: 8' W x 14' L
 Liquid Capacity : 80 gallons
 Hauling Capacity : 1,500 lbs.

String Winders

Light Weight and Heavy Duty String Winders

- Save time and minimize fatigue when reeling in marking string
- 3/8" steel rod for use with cordless drill
- Sturdy design ensures long term use

Heavy Duty String Winder FEATURES:

- All steel welded construction (6 lbs.)
- Powder coated safety yellow paint finish for durability and visibility
- Dual set of ball bearings for smooth reeling and longevity
- Larger diameter handle for easy gripping with a protective shield
- Strong handle is constructed for mounting in the ground and turf for quick string dispensing
- 10" long spool for holding well over 500' of twine
- 3/8" connecting rod for quick cordless drill attachment

Light Weight String Winder FEATURES:

- Durable plastic frame with steel bracket for cordless drill attachments
- Powder coated steel with safety yellow paint finish for durability and visibility
- Center handle for easy holding when reeling string both in and out
- Free wheeling knob for manual string winding
- Large capacity spool for holding well over 500' of twine
- Light weight construction reduces fatigue (1 lb.)

Anchor & Flags

Multi-purpose Field Line Anchor

- Corrosion resistant steel anchor
- Visible and locatable yet safe - 3" top
- Reduces mowing debris build up for quick laying of line and installing flag receiver
- Solid construction design keeps marking flag in place
- No latches, snaps, caps, or covers to worry about
- Installed using a 1" diameter soil or wood auger with 6" length

Corner, Marking, and Advertising Flags

- Triangular orange flag, 10" height x 12" width
- 60" rugged yellow fiberglass flag pole
- Strong corrosion resistant spring for player safety and keeps flag vertical even in windy conditions
- Slips easily in field line anchor without tools or parts removal

Backpack Sprayer

Capabilities & Benefits

ProPack™ eliminates the need for the operator to continually "pump up" the sprayer to maintain a constant and steady spray pattern as with manually powered sprayers, making spraying faster and easier than ever. Unique battery pack and molded tank.

Pump: 12 VDC, 1.0 GPM Max. 40-PSI Demand Switch, Polypropylene Pump Body, Viton valves, Santoprene diaphragm, Automatic Sealed Lead Acid 120 Volt 60 Hz input (230 Volt/50Hz available), 12 VDC 500 mA Output

Spray Hose: Reinforced/Braided PVC

Spray Wand: Polypropylene handle, aluminum lance, Plastic Tip, Adjustable Cone

Battery: 12 Volt, 7.0 Amp/ Hour Sealed Lead/Acid

Tank: 4 US gallons/ Polyethylene

Weight: 24 lbs (Shipped)

- Sprays up to 120 gallons (454 Liters) on a single charge
- High performance chemical resistant SHURflo pump
- Advanced microprocessor pump control
- Variable speed and adjustable nozzle for light or heavy duty spraying
- Ultra comfortable ergonomic design, full back pad, and thickly padded shoulder harness

The ProPack's™ micro-processor controller

- Charge in place battery
- Advanced one touch master control-select from four speed settings
- On demand operation-depress the hand lever to begin spraying, release to stop
- Regulates pump speed for consistent spray at all settings
- Adjustable cone nozzle can deliver a delicate mist, high volume spray, or long-range stream
- Status lamp indicates power on and blinks when the battery needs recharging

Sand Bags

Weight: 0.5lbs (Shipped)

Field Ready: approximately 10 lbs

Size: : 17" L x 6 1/2" W x 3" D

Strap: 6"

Bag closure: Velcro and inner plastic bag with tie

Color: Red, Blue, Black

- Internal plastic bag and tie -- no spillage and quick filling
- Designed for filling on location with available resources
- Maximize surface contact area with minimum weight

Designed for multiple uses

Durable Sand Bag for Outdoor Use

- Vinyl coated polyester marine fabric
- Strong 6" polypropylene web handle
- Strap handle designed to carry under load and for lashing

Easy to use in field conditions

- Velcro closure at top ensures seal while in use and carrying
- 10 lbs weight capacity allows for carrying multiple bags per hand

- Secure **Field Stencils** when painting fields
- Keep sports netting secured
- Hold sports field covers/tarps in place
- Easy tool for sports strength conditioning
- Hold down canopy tent legs
- Stakeless tent anchor
- Clean and quick vehicle weight
- Hold tool benches and lights in place
